
Baby Nurse Resume

Job Objective

To obtain a position as a Baby Nurse where my past record speaks for itself and to bring my assets to the hospital.

Highlights of Qualifications:

- Familiarity with feeding, bathing, dressing, diapering, cord and circumcision care
 - Outstanding knowledge about newborn care and breastfeeding
 - Ability to entertain newborns with talking, singing, playing music, and reading
 - Ability to assist with circumcision and appropriately manage newborn care
 - Ability to perform head to toe assessment of the mother-baby
-

Professional Experience:

Baby Nurse, August 2005 – Present
TravelMax Nursing, Hancock, MN

- Assisted in post-delivery recovery and helped transition of baby into a regular schedule.
 - Assisted and educated families in newborn care including feeding, changing, bathing, infant laundry, sterilizing bottles.
 - Bottle fed the baby and helped mother in breast feeding during night times.
 - Established a feeding and sleeping schedule, and made the newborn oriented to a time table.
 - Documented all activities and baby responses.
 - Coordinated with baby's clothes laundering, changing bed and bathing the child.
-

Education:

Bachelor's Degree in Health Services Management, Union County College, Cranford, NJ
