# CARPET INSTALLER RESUME

---

## Career Objective:

---

Seeking a Carpet Installer position in which to use my education and skills to their fullest for the good of company.

---

## Summary of Qualifications:

---

- Strong experience in installing carpets with the help of adhesive
  - Sound knowledge of the carpet installation and its various process
  - Ability to read and interpret the instructions given in writing
  - Wide knowledge of carpet maintenance and repair
  - Ability to work for long hours and lift heavy objects
  - Familiarity with carpet cleaning products and equipment as well as installation techniques
- 

## Work Experience:

---

Carpet Installer, April 2008 – Till Date  
Custom Decorators, Inc., Washington, VA

- Monitored the carpet installation by fixing the seams with the help of glue or a heated carpet iron.
- Trimmed the edges to fit the carpet around the edges with the help of a trimmer.
- Prepared the surface area for the carpet by fixing any uneven floor that will be visible underneath the carpet.
- Measured the carpet area with the help of the floor sketches and rolled it accordingly by placing the seams to allow the longest wear of the carpet.
- Calculated the carpet needed to cover the area by measuring it accurately.
- Installed the padding and cut the carpet to fit the size of the padding.
- Fortified metal treads on the door openings and the area where the carpet meets the flooring to keep it secured to the place.
- Designed the carpet area and recorded the measurements for the same.

Carpet Installer, January 2004 – March 2008  
Marcel Interiors, Washington, VA

- Ensured a smooth finish to the work area by pressing the carpet and over the tack strips.
  - Facilitated the work by first removing the old carpeting and the padding in the area that needs to be carpeted.
  - Fortified metal treads on the door openings or the area where the carpet meets the flooring to keep it secured to the place.
  - Supported the work by sewing the edges if required.
  - Measured the carpet area with the help of the floor sketches and rolled it accordingly by placing the seams to allow the longest wear of the carpet.
-
