ETL DEVELOPER RESUME

Deborah Hudson
1732 Liberty Avenue
Covina, CA 91723
(111)-656-7153
[email]

Job Objective:

Seeking an ETL Developer position in an organization where I can apply my experience and efficiently contribute to the company's growth.

Work Experience:

ETL Developer, July 2006 – Present
Domex, Inc., Covina, CA

- Analyzed requirements and provided work effort estimates.
- Identified and implemented corrective measures based on gathered metrics.
- Created design specification & operational documentation.
- Developed test cases and planned to complete unit testing.
- Supported production and maintained applications.

Summary of Qualifications:

- Remarkable experience in designing ETL processes and developing source to target mappings
- Expert in developing, testing, and deploying ETL solutions
- Familiarity with data warehousing solutions in an Oracle 10g environment
- Proficient with Cobol, ASP.net, VB.net, T-SQL, Visual Basic
- Proven experience in utilizing databases such as Oracle and Teradata
- Excellent Analysis and problem solving and communication skills

Education:

Bachelor's Degree in Computer Science, Lindsey Wilson College, Kentucky, KY

Patricia Montgomery
2678 Tator Patch Road
Chicago, IL 60634
(111) 821-6453
Email : [email]

Career Goal

To be a part of a growing organization as an ETL developer and aid in accomplishment of organizational objectives by utilizing my knowledge in ETL processes, C, C++, UNIX shell and Perl scripting, SQL and PL/ SQL.

Technical Skills:

High proficiency with ETL and CDC tools like:

- Informatica Power center 9.1/ 8.x/ 7.1
- Informatica Power Exchange 9.1/ 8.6

Adroit in using Data modeling tools:

- Microsoft Visio
- Erwin 7.5/ 4.x

Expertise in database management:

- Oracle Exadata 11g/ 10g/ 9i
- Teradata 13/ 12/ V2R5
- DB2, MS SQL server 2008/ 2005

Sound knowledge of development tools like:

- TOAD, SQL Developer
- SQL * Plus
- SQL Navigator

Skilled at using programming languages:

- C, C++
- SQL, Perl scripting
- PL/ SQL, XML

Thorough with reporting tools:

- Cognos 8
- BI Authoring and modeling
- Cognos CRN

Quick and brilliant with version control tools like:

- Visual Source Safe
- Dimensions

Sound abilities to:

- Interpret and apply data warehousing concepts
- Coach and mentor junior developers
- Track and debug ETL process issues

Relevant Experience:

ETL Developer   January 2012 – Present
Saama Technologies   Chicago, IL

- Provided assistance for definition, structuring and documentation of data sources as per requirements.
- Assisted in designing and development of complex ETL structures for transformation of data sources into data warehouses.
- Designed codes for data access along with stored procedures and current SQL queries.
- Conducted reviews of database designs and system integration issues for further improvements.
- Resolved troubleshooting problems relating to ETL applications and data issues.
- Implemented procedures for validation, reconciliation of metadata and error handling in ETL processes.
- Analyzed database designs and system integration processes to make suggestions for further enhancement.
- Maintained project documentation relating to testing, coding and logic of ETL processes.

ETL Developer   November 2010 – January 2012
Lorven Technologies Inc   Township of Warren, NJ

- Assisted in designing and implementation of data marts and data warehousing applications as per business needs.
- Designed data extraction processes to meet business application requirements and data sources.
- Provided technical expertise and guidance for data management, quality and reporting functions.
- Suggested improvements in processes for managing data integrity and quality for overall enterprise.
- Created data models and processes for conceptual, logical and physical data elements after thorough analysis.
- Conducted code and design reviews for suggesting and approval of design specifications.
- Implemented processes for extraction and loading of ETL data into data warehouses and marts.
- Executed procedures for definition and designing of data integration mapping algorithms.

Educational Background:

Bachelor's Degree in Information Technology   August 2006 – May 2010
Mid-State Technical College   Wisconsin Rapids, WI

Joseph Hardy
3475 Mount Street
Saginaw, MI 48607
(111)-998-4865
[email]

Objective:
To obtain a Senior ETL Developer position in a progressive company and demonstrate my expertise in ETL Tools such as Informatica PowerCenter 7.1/6.2 to achieve company's needs. My expertise in Cognos will be complementary in meeting the company's goals.

Education:

M.S Computer Engineering, 2002
Cornell University

B.S in Computer Engineering, 1998
Cornell University

Skills:

- Skilled in Business objects 5.1
- Expert in gathering business requirements
- ETL Tools : Informatica PowerCenter 7.1/6.2
- Business Intelligence : Cognos
- Data Modeling : Dimensional Data Modeling, Star Join Schema Modeling, Snow
- Flake Modeling, FACT and Dimensions Tables, Physical and Logical Data Modeling,
- RDBMS : Oracle 9i/8i, SQL, PL/SQL, SQL Plus
- Tools : Toad, AQT, Quest Central for DB2
- Languages : SQL, PL/SQL, UNIX Shell Scripting, C
- Operating Systems : Windows 2000, UNIX AIX

Professional Experience:

- Senior ETL Developer, 2008-present
- Health Care, Inc., Deming, NM

Responsibilities:

- Supported ETL processes for large-scale data warehousing.
- Utilized PowerCenter and PowerMart in monitoring ETL processes.
- Performed map tunings and identified obstruction in sources, targets and sessions.

- Jr. ETL Developer, 2005-2008
- H. Group Holding, Inc., Deming. NM

Responsibilities:

- Supervised the development of efficient Error Handling methods and processes.
- Implemented efficient and consistent multidimensional analysis using UNIX.
- Translated programs into unit and testing environment to assess goals.

- ETL Developer, 2002-2005
- H. Heller & Co., Inc., Deming. NM

Responsibilities:

- Supported ETL processes for large-scale data warehousing.
- Utilized PowerCenter and PowerMart in monitoring ETL processes.
- Performed map tunings and identified obstruction in sources, targets and sessions.

- Jr. ETL Developer, 2005-2008
- H. Group Holding, Inc., Deming. NM

Certifications and Affiliations:

Certified Professional V2R5
Certified SQL Specialist V2R5, August 2008
