### Professional Experience:

---

Flooring Installer, April 2008 – Till Date  
Aerotek Commercial, Enon, OH

- Installed the carpets on the floor and padding to support it.
- Monitored the area to be covered by the carpet and then cut the carpet with a specialized knife to fit into the area.
- Inspected the area to be carpeted for any imperfections, corrected those prior to carpeting to give a better look to the area.
- Fortified the edges of the carpet by sewing or sealing it with an adhesive or tape and using a heated carpet iron.
- Performed various cutting and trimming of the carpet to fit into the edges and various equipment openings.

Flooring Installer, January 2004 – March 2008  
Specialty Coatings, Enon, OH

- Planned the installation process by determining the material required for the area and placing the seams on the area.
  - Regulated the floor covering in accordance to the permanent fixtures in the area, placed the foam or rubber pad over the floors that need to be carpeted.
  - Installed the carpet on the stairs or other covering materials.
  - Facilitated the carpeting process by replacing the baseboard molding and fastening the tackless strip to stretch the carpet.
  - Installed various sheet goods on the floor by applying an adhesive and then rolling it with a roller to give it a smooth finish.
- 

### Education:

---

High School Diploma, Milledgeville High School, Milledgeville, IL
