# GROUNDWORKER CV

---

Below is a sample CV of a Groundworker where the skills and key qualities are highlighted. Expertise in general groundworks (Flagging, Kerbing, Tarmacching, etc.), grounds maintenance, extensive knowledge with procedures and tools (fertilizers, insecticides, herbicides, etc.) necessary in ground maintenance as well as the health and safety policies that must be taken into consideration should be stressed out. Useful skills such as ability to process any paperwork should also be included. For a Groundworker CV to stand out, a working history section with detailed duties and responsibilities is a great advantage. Make sure to present your most recent work experience on top of the list.

## Burke Mosley

P.O. Box 336, 4227 Nibh Avenue, Stockport, Cheshire, QX7 1MU Date of Birth: April 14th, 1993  
Email: [email] Mobile: 07787 880686 Tel: 01467 475112

---

### CAREER OBJECTIVE:

---

My primary objective is to satisfy clients with my workmanship in ground work. Along with a competent team, I aim to complete all work orders and meet their corresponding deadlines. Equipped with the necessary training, experience, and good communication skills, I am confident that these objectives can be achieved. As a ground worker for two years, I have been able to finish contractual obligations that adhere to health, safety, and environmental policies and all with optimum results. One of my goals is to constantly improve my abilities as a ground worker. This being said, I am positive that I can provide a positive contribution to the company.

---

### SKILLS PROFILE:

---

Admirable experience in maintaining grounds as a civil contractor  
Exceptional knowledge of various tools and equipment required for ground construction  
Immense knowledge of various fertilizers and insecticides for ground maintenance  
Ability to interpret all health and safety procedures  
Ability to use various equipment such as rigging devices and chain saws  
Solid understanding of completing all paperwork required for management

---

### EDUCATION AND QUALIFICATIONS:

---

HND in Civil Engineering Solihull College	Solihull October 2009 – July 2011
