
HEALTH CARE ASSISTANT CV

Health Care Assistants' duties are comparable to that of nurses and caregivers. Since this is so, your CV must show that you have the basic skills required of from a nurse or caregiver. Health care assistants can find employment in hospitals, health clinics and other hospital setting just like nurses do. In writing down a Health Care Assistant CV, it is imperative that the skills section show your competencies in health care such as ability to take care of the sick, know-how of taking vital signs, basic knowledge of first aid medication, and practical experience in a clinical setting. Take a look at the sample CV of a Health Care Assistant below.

Nayda Morris

7384 Non, Rd. Cumbernauld Dunbartonshire OX61 6KLZIP1

Tel: 01629 567633 Email: [email]

Date of Birth: October 20th, 1993

PERSONAL PROFILE:

My primary objective as a Health Care Assistant is to bring comfort and ensure the relief of my patients. My focus is to ascertain that they have the right medication and that they get the nourishment they need at the right place and at the right time. Apart from that, I will also ensure that proper hygiene and sanitation is observed at all times whether in administering medication or in preparing food. My skills acquired throughout my two years experience working as health care assistant in two different organizations have equipped me with sufficient expertise and competence to fulfill this objective.
