
INTEGRATION TECHNICAL LEAD RESUME

Dirk Buttrey
344 Pallet Street
Middletown, NY 10940
(111) 358-2156
Email : [email]

Career Goal:

Seeking opportunity to join a highly qualified technical team as an Integration Technical Lead where my skills in C++, HTML, CGI and Apache will be enhanced and fully utilized in complement existing solutions

Technical Skills:

Comprehensive knowledge of integration services:

- Integration Architecture
- Database administration
- ETL development

Extensive technical knowledge of server administration services:

- WebMethods Integration
- Broker server
- WebSphere Message Broker

Solid understanding of associated products for integration:

- Industry portal
- Rules engine products
- BPEL

Cognitively expert in shared service management apps:

- SOA
- MFT methods
- JMS/MQ
- Web Services

Good knowledge of frameworks:

- JSP
- Spring
- Hibernate

Adept in data transformation tools:

- XML
- XSD

Strong implementation skills:

- ESB implementation
- WebSphere MQ administration

Sound abilities to:

- Use request response methods and implement configuration tuning
- Design abstract frameworks and review functional requirements

Relevant Experience:

Integration Technical Lead
Lorven Technologies
January 2012 – Present
Middletown, NY

- Provided support services to engineers for functional testing.
- Generated and maintained progress, test analysis and defect management reports.
- Documented testing requirements and formulated test strategies.
- Conducted test events as per agile methodologies.
- Designed and architected systems by translation of client requirements.
- Prepared mitigation strategy for resolution of technical risks.
- Participated in quantitative analysis in cloud systems with R statistical languages.

- Supported migration projects and developed Oracle business objects.

Integration Technical Lead
IDEX Corporation
November 2010 – January 2012
Lake Forest, IL

- Implemented ordering processes and prepared purchase orders.
- Supported legacy systems such as AFixture and Inforem.
- Designed and developed interfaces with Message Broker.
- Provided technical assistance in SDLC and new feature implementation.
- Participated in system integration tasks on WebMethods platform.
- Developed proof of concepts for various architecture patterns.
- Administered integration infrastructure as per industry standards.
- Automated integration delivery services and documented architecture views.

Educational Background:

Master's Degree in Information Technology
Ohio Technical College
August 2008 – May 2010
Cleveland, OH

Professional Certification:

IBM Certified Solution Implementer – Sterling B2B Integrator July 2010
