
IT TECHNICIAN CV

As technical as the IT Technician position sounds, your resume should also be, in the sense that the skills section of your resume should be filled with IT related expertise such as skills in MS environment, knowledge in MAC OSX, IPSEC, SSL VPN, Exchange 2010 & MS SQL. An employer seeking an IT Technician will likely choose you if you have these skills. IT Technicians have a vast opportunity for employment. They can join almost any organization-hospital, school, air carrier, food establishment, mall or even research institute. Since almost every office needs an IT professional, this is the time to land a job. Make your CV stand out by following the sample CV of an IT Technician below.

Rooney Galloway

594 Blandit. Ave Cannock Staffordshire MW52 8QDZIP1

Tel: 01282 572803 Email: [email]

Date of Birth: September 2nd, 1990

PERSONAL OBJECTIVE:

My goal as an IT Technician is to apply my in-depth knowledge in hardware and software applications and develop IT solutions to maintain continuity and efficiency of work in the organization. Equipped with solid background in systems installation, IT repair and replacement, troubleshooting and patching, I am positive that this objective can be achieved. My two years experience in two different companies has enhanced my skills and broadened my understanding in supporting various computer systems and networks. I am also very knowledgeable in using different windows server systems, Active Directories and know how to manipulate subnets and firewalls.
