
MAINTENANCE SUPERVISOR CV

Presented below is a sample CV of Maintenance Supervisor. Here, information is shown in ways where areas of expertise will be easily apparent. The key is to be direct and specific with the data you present. Showcase your experience in maintenance supervision within various environments: power, petrochemical, steel industries, oil and gas industries, etc. Employers usually prefer applicants with a degree on Mechanical Engineering or other related courses. Make sure to present a detailed summary of your duties in previous employments. In this manner, you are providing the employer of your Maintenance Supervisor CV a comprehensive abstract of what you can offer to the company.

Brady Brown

Ap #968-4490 Molestie St., Aberystwyth, Cardiganshire, Q9D 9FG Date of Birth: October 29th, 1989
Email:[email] Mobile:07720 885808 Tel: 01433 993958

PERSONAL STATEMENT:

My objective is to bring success to the company by employing effective supervision in the maintenance of structure, equipment, systems, and processes of the company. In order to do this, I aim on being a fair and competent leader and impart my expertise in assessing, installing, repair and maintenance of mechanical, ventilation, electrical, refrigeration and other related systems. I have honed my abilities in delegating appropriate tasks, inspecting outputs, and providing necessary guidance and modifications to maintenance employees during my years of experience as a maintenance supervisor. I am confident that my objectives can be achieved and that I will be able to contribute positively to the company.

PERSONAL SKILLS AND COMPETENCES:

Hands-on experience as Maintenance Supervisor in manufacturing industry
Sound knowledge of safety, health and environmental standards
Wide knowledge of material handling and waste management procedures
Familiarity with maintenance management systems
Ability to troubleshoot electrical and mechanical faults
Ability to manage maintenance expenses within assigned budget

EDUCATION:

BEng (Hons) in Mechanical Engineering	Nottingham
Nottingham Trent University	2007 – 2011
A Levels in Computing, Mathematics, Physics, Chemistry, English Language	Thornaby
Stockton Riverside College	2005 – 2007
GCSEs: Maths, Physics, Chemistry, English Language	Ivor Place
Francis Holland School	2000 – 2005

CAREER HISTORY:

Serco Group	Halton
Maintenance Supervisor	2012 – Till Date

- Ensured that maintenance staff followed safety procedures.
- Ensured that equipment are periodically inspected and maintained in good working condition.
- Developed preventive maintenance program to avoid any breakdowns.
- Recommended modifications to equipment to improve performances and safety.
- Maintained adequate stock of spare parts.
- Maintained accurate records of inspections, maintenances and repairs.

KCA Deutag	North Sea
Maintenance Supervisor	2011 – 2012

- Implemented best practices to reduce waste and downtime.
 - Developed schedules to complete work within deadlines.
 - Rectified technical issues promptly and escalated to management when needed.
 - Supervised installation, inspection and maintenance operations.
 - Maintained safe working environment for staffs.
 - Worked with Engineers to address equipment breakdowns in a quick manner.
