
PHARMACOLOGIST RESUME

Summary:

An exceptionally motivated individual whose work experience is focused on investigating potential medicines with the touch of biological systems: undertaking in vitro research (using cells or animal tissues) or in vivo research using animals to predict what effect the drug might have in humans; and conducts research to aid drug discovery and development.

Professional Experience:

Senior Pharmacologist January 2007 – Present
Abbott, Chicago IL

Responsibilities:

- Assessed the identified strength and purity of medications.
- Calculated weigh and mixed chemical compounds.
- Dispensed medications prescribed to patients by doctors and dentists.
- Reviewed patient records.
- Ensured proper precautions and security measures are followed when handling controlled medications, such as narcotic pain medications.
- Ensured patient safety and maintained accuracy of prescriptions.

Pharmacologist May 2004 – December 2006
Abbott, Chicago, IL

Responsibilities:

- Re-evaluated appropriateness of the medication done by the senior pharmacologist.
- Analyzed prescribing trends to prevent excessive usage or harmful interactions.
- Provided advice on drug applications and characteristics.
- Compounded radioactive substances and reagents to prepare pharmaceuticals following laboratory procedures.

Pharmacy Technician February 1999 – May 2004
Abbott, Chicago, IL

Responsibilities:

- Assessed the identified strength and purity of medications.
- Calculated weigh and mixed chemical compounds.
- Dispensed medications prescribed to patients by doctors and dentists.
- Reviewed patient records.
- Ensured proper precautions and security measures are followed when handling controlled medications, such as narcotic pain medications.
- Ensured patient safety and maintained accuracy of prescriptions.

Pharmacologist May 2004 – December 2006
Abbott, Chicago, IL

Education:

Master of Science in Pharmacology and Toxicology
Rice University, TX, 1999
Bachelor of Pharmacy
Rice University, TX, 1997

Skills:

- Possesses exceptional computer and technical skills
 - Interacts easily with people of diverse backgrounds, cultures, and professional levels
 - Fluent in oral and written English
 - Manages pharmaceutical inventories, remaining accountable inventory levels of controlled substances
