

# RISK MANAGER CV

A Risk Manager protects the company's resources – personnel, finances, assets, including the company's reputation. As such, when you write a Risk Manager CV, emphasize skills and competencies in the aforesaid duties. Mention your specialty in developing risk management protocols and your ability to predict threats and problems even before they occur. When you write the CV of a Risk Manager, it is ideal if you start it with a Personal Profile statement. In this section, briefly mention your skills and understanding of the job by stating a couple of your competencies. Look at the sample below.

## Wade Cherry

908-4066 Leo. Av., Whitburn, West Lothian, N5 1DP

Tel: – 01986 823442

[email]

Date of Birth: – 15/11/90

Nationality: – British

## PERSONAL PROFILE:

I am an experienced Risk Manager with over two years experience in risk and issue management. I have strong background in finance, trading, retail banking, and house financing. I am expert in using Microsoft Office programs including PowerPoint and Adobe. I have a wide understanding of the different use and concepts of Threat Analysis, Event Tree Modeling, and Control Risk Self Assessment. I am also very proficient in using financial instruments such as FX, Equity, IR and Commodity markets. Equipped with knowledge in using risk methodologies and techniques in the IT and Financial sectors, I am confident that I can bring significant impact in minimizing risks threatening the company.

## PROFESSIONAL SKILLS:

- Hands-on experience in managing business risks
- Good knowledge of risk analysis and management techniques
- Sound knowledge of project management methodologies
- Familiarity with risk governance processes
- Ability to perform financial analysis and forecasting
- Ability to maintain IT control framework

## EMPLOYMENT AND EXPERIENCE:

Risk Manager                      Direct Line Group – Montgomeryshire                      October 2012 – Present

- Worked with Project Manager to develop risk management plan.
- Performed risk identification, assessment, reporting and monitoring operations.
- Identified project risks and dependencies and recommended corrective actions.
- Reviewed and recommended improvements to risk management procedures.
- Developed monthly reports on project risks.
- Reviewed and approved project proposals, contracts, and agreements.

Risk Manager                      Zurich Insurance Group – East Lothian                      August 2011 – October 2012

- Suggested improvements to risk management framework.
- Identified project risks and corrected them promptly.
- Updated risk reporting system with new risk information.
- Developed risk reports for client and management review.
- Worked with management to develop risk mitigation strategies.
- Conducted risk identification and assessment workshops when needed.

## QUALIFICATIONS:

BBA (Hons) in Business Administration

Brunel University – London

October 2008 – June 2011

A-levels: Business Studies, Economics, Mathematics, English Language

Langside College – Glasgow
