SQL Server Developer Resume

Job Objective

Seeking a SQL Server Developer position in an organization where I can apply my experience and efficiently contribute to the company's growth.

Highlights of Qualifications:

- Huge experience with SQL-Server and relational database design
- Expert knowledge of T-SQL and developing stored procedure
- Good expertise in data migration planning and data conversions
- Sound knowledge of real-time data loading and data profiling and data quality concepts and techniques
- Outstanding ability to Load Flat Files in any format into a database
- Remarkable ability to write complex queries to move data from staging areas into production database schema
- Uncommon ability to diagram and discuss and implement work flows

Professional Experience:

SQL Server Developer
Pinacle, Inc., Manhattan, NY
July 2006 – Present

- Designed database objects supporting system functionality.
- Tuned existing SSIS packages and T-SQL code for performance.
- Maintained service broker components.
- Ensured adherence to corporate standards and industry best practices.
- Reviewed and made recommendations for database parameters, tuning, caching, threading and real-time processing versus batching.
- Converted transformation requirements into derived fields, calculations and lookup code components.
- Optimized inserts into the data warehouse including bulk loading, set-based operations, optimizing data conversions.

SQL Server Developer
Lays Corporation, Manhattan, NY
May 2002 – June 2006

- Ensured specific code branches are optimized around performing the necessary transformations and error handling.
- Developed scripts for batching of jobs and support ad-hoc reporting.
- Documented, developed and executed data migration plans and activities.
- Participated in all phases of data migration, including design, development, and testing.
- Developed T-SQL scripts & commands to extract and load external data.
- Provided database support for application developers, data analysts and business users.

Education:

Bachelor's Degree in Computer Science
Unification Theological Seminary, New York, NY
